11 November 2015. BSI, the business standards company, has published a revised specification: PAS 97:2015, Mail screening and security – Specification, which was sponsored by the Centre for the Protection of National Infrastructure (CPNI). The latest revision replaces PAS 97:2012. Mail streams that go into and around an organization can provide a vehicle for malicious attacks and become a catalyst for other security incidents.

~~Specification for screening and safeguarding mail is~~

PAS 99 is the world ' s first specification for integrated management systems. Many of our customers asked for one system that would give them one set of documentation, policies, procedures and processes for all of their management systems. So we developed PAS 99 using the ISO guide for writing management system standards.
